

SENECA ARCTIC®

PARKA AND PANT

COMMITTED TO
YOUR PROTECTION

FLAME-RESISTANT

PART NUMBER:
Seneca Arctic® Parka
#MJKT10247
Seneca Arctic® Pant
#MPNT10269

The Seneca Arctic® Parka and Pant is the first flame-resistant extreme cold weather ensemble from the team at Massif®. Designed to give the end user complete operability in any arctic environment, with the added benefit of flame-resistant protection. The Parka features an oversized hood for a helmet and comms, multiple pockets for storage, and a coyote fur ruff – while the pant has multiple pockets for storage, internal snow gaiters, and long donning and doffing zippers. They are made with a water resistant two-layer outer shell featuring PYRAD® Technology by GORE-TEX® LABS which offers very breathable and lightweight heat and flame protection that is inherent to the fabric and durable for the life of the product, with Fast Drying Climashield® Apex™ Insulation that maintains warmth even when wet.
